

BULLYING PREVENTION AND INTERVENTION

Mount St. Joseph Girls' College's commitment to providing a 'no bullying' culture

The Hazard – Bullying

Mount St. Joseph Girls' College is committed to providing a positive culture where bullying is not accepted, and in so doing, all will have the right of respect from others, the right to learn and the right to feel safe and secure in their school environment.

Bullying is the repeated and intentional behaviour of causing fear, distress or harm towards another person that involves an imbalance of power. It can involve humiliation, domination, intimidation, victimisation and harassment. In any bullying incident there are likely to be three parties involved: the bully, the person being bullied, and bystanders.

Bullying can take many forms including:

Physical bullying which involves physical actions such as hitting, pushing, obstructing or being used to hurt or intimidate someone. Damaging, stealing or hiding personal belongings is also a form of physical bullying.

Psychological bullying which is when words or actions are used to cause psychological harm. Examples of psychological bullying include name calling, teasing or making fun of someone because of their actions, appearance, physical characteristics or cultural background.

Indirect bullying which is when deliberate acts of exclusion or spreading of untrue stories are used to hurt or intimidate someone.

Cyber bullying which is the ongoing abuse of power to threaten or harm another person using technology. Cyber bullying can occur in chat rooms, on social networking sites, through emails or on mobile phones.

What Isn't Bullying

There are many negative situations which, whilst being potentially distressing for students, are not bullying. These include:

- Mutual Conflict Situations which arise where there is disagreement between students but not an imbalance of power. Mutual conflict situations need to be closely monitored as they may evolve into a bullying situation
- One-Off Acts (of aggression or meanness) including single incidents of loss of temper, shouting or swearing do not normally constitute bullying.

Signs of Bullying

Major behavioural changes in a student may be indicative of bullying. Such behavioural changes may include:

- crying at night and having nightmares
- refusing to talk when asked "What's wrong?"
- having unexplained bruises, cuts or scratches
- an unwillingness or refusal to go to school

BULLYING PREVENTION AND INTERVENTION

- feeling ill in the mornings
- a decline in quality of school work
- becoming withdrawn and lacking confidence beginning to bully siblings
- acting unreasonably.

Mount St. Joseph Girls' College's Policy

Parents/guardians are encouraged to recognise signs of bullying and notify the College through a trusted staff member immediately (such as a class teacher or College counsellor), if they suspect their child is a victim of bullying.

Mount St. Joseph Girls' College recognises its duty to students to provide a safe and positive learning environment where individual differences and diversity within the College is respected and accepted.

Bullying is not tolerated at Mount St. Joseph Girls' College.

It is our policy that:

- bullying be managed through a 'whole-of-College community' approach involving students, staff and parents/guardians
- bullying prevention strategies be implemented within the College on a continuous basis with a focus on teaching age-appropriate skills and strategies to empower staff, students and parents/guardians to recognise bullying and respond appropriately
- bullying response strategies be tailored to the circumstances of each incident
- staff establish positive role models emphasising our no-bullying culture
- bullying prevention and intervention strategies are reviewed on an annual basis against best practice.

Management of bullying

Mount St. Joseph Girls' College has implemented a 3 stage approach for the management of bullying at the college. The 4 stage approach forms part of our overall bullying prevention strategy and our strategy to create a 'no bullying' culture within the College:

A- Bullying Prevention Strategies

Mount St. Joseph Girls' College recognises that the implementation of whole College prevention strategies is the most effective way of eliminating, or at least minimising incidents of bullying within our community.

The following initiatives form part of our overall bullying prevention strategy and our strategy to create a 'no-bullying' culture within the College:

- a structured curriculum and peer group support system, that provides age-appropriate information and skills relating to bullying
- (including cyber bullying) and bullying prevention, to students over the course of the academic year. This includes support and information provided to students at the start of the academic year by their Pastoral Group Teacher
- as part of the structured curriculum, students will partake in programs that have been developed to promote resilience, life and social skills, assertiveness, conflict resolution and problem solving
- education, training and professional development of staff in bullying prevention and response strategies

BULLYING PREVENTION AND INTERVENTION

- regular provision of information to parents/guardians, to raise awareness of bullying as a College community issue to equip them to recognise signs of bullying, as well as to provide them with clear paths for raising any concerns they may have relating to bullying directly with the College
- promotion of a supportive environment that encourages the development of positive relationships and communication between staff, students and parents/guardians
- promotion of responsible bystander behaviour amongst students, staff and parents/guardians
- reporting of incidents of alleged bullying by students, bystanders, parents/guardians and staff are encouraged, and made easy through the establishment of multiple reporting channels (as specified below)
- regular risk assessments of bullying within the College are undertaken by surveying students to identify bullying issues that may ordinarily go unnoticed by staff
- records of reported bullying incidents are maintained and analysed, in order to identify persistent bullies and/or victims and to implement targeted prevention strategies where appropriate
- statements supporting bullying prevention are included in students' College diaries
- education of staff, students and parents/guardians on health conditions to promote understanding and to reduce stigma and fear
- the promotion of positive behaviour through public recognition and reward for positive behaviour (e.g. Mary of the Cross Awards) anti-bullying posters are displayed strategically within the College
- promotion of student awareness and a 'no-bullying' environment by participating in events such as the National Day of Action Against Bullying and Violence.

B- Early Intervention- Reporting Bullying

Students and their parents/guardians are sometimes reluctant to pursue bullying incidents, for fear that it will only make matters worse.

A key part of the College's bullying prevention and intervention strategy is to encourage reporting of bullying incidents as well as providing assurance to students who experience bullying (and parents/guardians) that:

- bullying is not tolerated within the College
- their concerns will be taken seriously
- the College has a clear strategy for dealing with bullying issues

Bullying incidents can be advised to the College verbally (or in writing) through any of the following avenues:

- informing a trusted teacher
- informing the College counsellor
- informing a student's year co-ordinator or head informing the Deputy Principal or the Principal.

C- Intervention- Responding to Bullying

All bullying incidents will be reported to the College Leadership team in accordance with the Pastoral Care Policy.

Bullying behaviours vary enormously in their extent and intent and, as a consequence, each incident needs to be dealt with on its facts. In all circumstances the College:

- takes bullying incidents seriously
- offers counselling and support to the bully and victim
- provides assurance to the victim that they are not at fault and their confidentiality will be respected
- takes time to properly investigate the facts including discussing the incident with the victim, the bully and any bystanders
- takes time to understand any concerns of individuals involved
- maintains records of reported bullying incidents

BULLYING PREVENTION AND INTERVENTION

- will escalate its response when dealing with persistent bullies and/or severe incidents. Actions that may be taken when responding to bullying include:

The “Method of Shared Concern” Approach (Pikas)

The “No Blame” Approach (Maines & Robinson)

These approaches may be used to intervene in group or relational bullying situations. They are only appropriate during the initial stages. They are not appropriate for persistent or severe bullying incidents.

- notification of/consultation with parents/guardians
- offering counselling to persistent bullies/victims
- implementing effective follow up strategies
- disciplinary action, at the Principal’s discretion. This may include contacting the student's parents and implementing discipline procedures that are consistent with our Pastoral Care Policy. Examples of appropriate discipline actions include suspension and expulsion of persistent bullies, or in cases of severe incidents.

Staff Responsibilities

- model appropriate behaviour at all times
- deal with all reported and observed incidents of bullying in accordance with this policy
- ensure that any incident of bullying that they observe or is reported to them, is recorded appropriately
- be vigilant in monitoring students that have been identified as either persistent bullies or victims acknowledge the right of parents/guardians to speak with the College if they believe their child is being bullied.

Signage

Anti-bullying posters may be posted in strategic locations in the College to promote appropriate behaviour and encourage students to respect individual differences and diversity.

This policy is implemented through a combination of:

- staff training
- student and parent/guardian education and information
- effective incident reporting procedures
- effective management of bullying incidents when reported
- the creation of a ‘no-bullying’ culture within the College community effective record keeping procedures
- initiation of corrective actions where necessary.

Discipline for Breach of Policy

Where a staff member breaches this policy Mount St. Joseph Girls' College will take disciplinary action, including in the case of serious breaches, summary dismissal.
